

Cute As a Bug-In-A-Rug!!! Meet Vito and Pedro!

These two little Happy Trails rescued goats are best buds, and would love to be adopted together.

Vito (left) is about three months old, and Pedro (right) is between two and three months old).

They are...

- Up to date on all vaccinations and booster shots, and tested negative for CAE
- Were dewormed and deliced and had their hooves trimmed
- Pedro apparently was banded when he was younger, so he is fixed
- Vito will be neutered in the next three to four weeks when the vet determines he is big enough for the surgery
- Pedro was dehorned at a young age. Vito had a botched dehorning job and is now too old to have his horns removed, so he will be keeping what is left of them

They are seeking a home where they can stay together if at all possible.

An approved home will have safe fencing, a big yard and an appropriate barn or shelter where they can be nice and warm in the winter.

Adoption Fee: \$150 for the pair

**To inquire about adopting Vito and Pedro, call
Happy Trails Farm Animal Sanctuary at 330-296-5914.**

Feel free to share this flier!!! Visitors by appointment only.
