

Happy Trails 2015 Compassionate Thanksgiving

500 people yearly look forward to Happy Trails Farm Animal Sanctuary's annual Compassionate Thanksgiving, a Thanksgiving celebration designed to kick-off the holiday season with kindness and compassion for animals! In addition to the amazing, traditional Thanksgiving buffet created by the Master Chefs at Todaro's Party Center, an inspiring presentation by Happy Trails Founder and Director, Annette Fisher, is always a highlight of this event.

Dear Friend of Happy Trails,

Please partner with Happy Trails Farm Animal Sanctuary to co-sponsor our well-attended annual Compassionate Thanksgiving event. This year we are also celebrating 15 years in animal rescue!

Together with our co-sponsors, we host an event that creates an awareness of the animal rescue and community outreach programs of Happy Trails, provides information on making educated choices as a consumer to make your holidays cruelty-free, offers a gift shop of Happy Trails logo items at the event, and provides an opportunity for people to start their holidays with a traditional, mouth-watering buffet dinner that is animal-friendly (vegan).

Your support of the work of Happy Trails is rewarded through publicity and marketing promotions including advertising in the Happy Trails newsletter (which reaches 6,000 people via hard copies and 45,000 people via the website and FB), an ad in the event program, signage, social media promotions, complimentary tickets to the event, and more.

This event, as every event that Happy Trails hosts, sells out early. It is very clear as to the impact Happy Trails Farm Animal Sanctuary has on the community. *Together we are making a huge difference not only in the lives of the rescued animals, but in the lives of the people as well.*

While this event is designed as to create awareness and educate, 100% of the proceeds from the raffles and logo apparel sales directly benefit the abused and neglected rescued animals at Happy Trails, which is a 501c3 non-profit organization.

The following form has information to partner with Happy Trails to co-sponsor the 2015 Compassionate Thanksgiving. **We appreciate your support and look forward to co-hosting this amazing event with you.**

Thank you for your time and consideration.

With kindness and compassion for all animals,

Annette Fisher, Founder/Executive Director
